Re.: Pablo Grabiell

Dear Ms. Henderson:

Ever since your long-term resident and my client [REDACTED] [REDACTED] left FFNC in April, I have wanted to write to you to commend the work and commitment of Pablo Grabiell.

I had many occasions to watch him interact with the elderly, to listen to him play the guitar with so much skill and enthusiasm, and when I organized a small fare-well party for Dorothy (I am working part-time with ElderCare Strategies, in addition to having my own clients for paperwork assistance), Pablo offered to play the guitar and sing for [REDACTED], her dining room friends and her visitors – which made the entire affair so much more festive and fun.

I have admired Pablo's skills but also his wonderful personality, always upbeat, helpful, ready to listen. He is a great addition to your remarkable staff on the second floor.

With best regards,

PS: When I asked Pablo whether I might write a letter of recommendation for him, he gave me your two names. I would like this to be in his personnel file.
